

**DATA SHEET HYDROMAT EXTRACTORS****Storm****Typhoon**

Stained or dirty carpets pose no problem when you're equipped with a Hydromat Extraction Cleaner. These robust, reliable machines are designed for the injection and extraction of cleaning detergents. Simply use the extractor to spray solution into your carpet or upholstery, where it loosens surface dirt and deep down grime. As the powerful suction lifts the solution from the carpet, out comes every speck of dirt. It couldn't be easier!
